

MIHIR SINGH NETAM

+918827194777 | mihirnetam33@gmail.com | mihirnetam-08m | Rajnandgaon, India

PROFESSIONAL SUMMARY

Results-driven Software Engineer with a strong foundation in **front-end** and **back-end technologies**, including Java, JavaScript, MVC, Spring Boot, and React.js. Proficient in building **dynamic web interfaces** and managing databases, with hands-on experience in developing scalable applications using microservices architecture and RESTful APIs. Committed to collaborating in agile environments, leveraging strong problem-solving skills, and delivering innovative full-stack solutions.

WORK EXPERIENCE

Backend Developer | Internship Feb 2026 - Present
Botivate Service LLP
On-site • Raipur

- Unified Platform & Architecture:** Engineered a unified ERP-style platform using the **PERN** stack (PostgreSQL, Express, React, Node.js), successfully consolidating 5+ fragmented business modules into a single high-performance application.
- Security & Database Optimization:** Architected a robust Permission-Based Access Control (**PBAC**) system using **Supabase** RLS and custom middleware, while optimizing complex **PostgreSQL** schemas, triggers, and views to ensure data consistency during high-concurrency periods.
- Automation & DevOps Deployment:** Built an automated approval engine by integrating the **Meta Business API (WhatsApp)** and Resend to streamline hierarchical workflows, and implemented a seamless **CI/CD** pipeline via Vercel.

Technologies / Skills Used : React, Node.js, Express, MongoDB, Supabase, Material UI, Vercel, PostgreSQL, Tailwind CSS, Redux, React Router, Framer motion, Axios, Maytapi, Resend

PROJECTS

Nexus AI — Autonomous Agent Platform Apr 2026 - Present
Full-stack agentic system • Java 21 • React 19 • Gemini 2.5 Flash

- Autonomous Agent Architecture:** Built a full-stack AI platform using **LangChain4j** and **Gemini 2.5 Flash**, implementing a self-correcting ReAct reasoning loop and dynamic tool invocation via reflection-based **@Tool** annotations.
- Asynchronous Processing & RAG:** Architected a high-throughput backend using **JDK 21 Virtual Threads (Project Loom)** and developed a complete RAG pipeline leveraging **Apache Tika**, **text-embedding-004**, and **Supabase pgvector**.
- Real-time Engine & UI:** Designed a state-machine-based task execution engine featuring live log streaming, and delivered a highly responsive, glassmorphic Control Room UI using **React 19**, **Zustand**, and **Framer Motion**.

Technologies / Tools Used : Java 21, Spring Boot 3.5, React 19, Javascript, PostgreSQL, Supabase, Hibernate, Spring Data JPA, Vite8, Tailwind CSS, Framer Motion, Zustand, Axios

HEADLINR – News Aggregator May 2025 - Jul 2025
Real-time news aggregator • Spring Boot • Netflix Eureka • React • JWT

- Microservices Architecture:** Built a decoupled, real-time news ecosystem using **Java** and **Spring Boot**, integrating **Netflix Eureka** for dynamic service discovery and seamless inter-service communication.
- Security & Data Design:** Engineered a stateless authentication layer using **Spring Security** and **JWT** that reduced unauthorized access by 30%, and optimized a **MySQL** database for high-integrity user activity logs.
- Frontend & API Delivery:** Developed an optimized, responsive user interface using **React** (Hooks & Context API) and designed robust RESTful APIs for complex news feed aggregation and real-time data delivery.

Technologies / Tools Used : Spring Boot, Java, MySQL, JWT, OAuth, React, Eureka, Bootstrap

EDUCATIONS

Centre of Development in Advance Computing | Hyderabad Feb 2025 - Aug 2025
Post Graduate Diploma in Advance Computing

Bhilai Institute of Technology | Durg Dec 2020 - May 2024
Bachelor of Technology in Computer Science

SKILLS

Programming Languages :	Java, JavaScript, SQL
Frameworks & Libraries :	Spring Boot, Express, Hibernate, JWT Auth, OAuth Integration, Node.js, React.js, Redux, Next.js, Material UI, Bootstrap, Framer motion
Databases :	PostgreSQL, MongoDB, MySQL
Languages :	Hindi, English
Soft Skills :	Problem Solving, Adaptability, Teamwork, Critical Thinking
Tools & Platforms :	Maven, npm, Docker, Git, Github, Postman, Vercel, Render, Supabase, Framer
